The design set filed into the Westside for the exclusive grand opening party for Verde Home. Atlanta Peach joined with owners Laura Walker Baird, Paul Baird and Kent Schneider to host quite the eco-chic affair. The crowd included Brian Patrick Flynn, Leanne Shaw, and golf pro Billy Andrade on a quick break from the PGA Tour, who previewed the fabulous array of home furnishings that epitomize great style and their signature sustainability. Candlelit tables lined the patio where guests could grab a Chopin cocktail and some small bites from soon-to-be neighbor 5 Seasons Brewery —Elissa Rosen

Haynes and Kris Robinson.
